Concert Band

The Trojan Band was organized in August of 1965 yet it has compiled one of the most remarkable records in the state. During the 10 months of its existence, the band won 87 medals and a plaque. Fifty-one entries were recommended for the state finals in the solo and ensemble competition, for one of the most sweeping recommendations made for a band of any class. At the state contest, they received the highest rating given to a band composed of beginning students. During the year, the band performed at 10 Pep Rallies, marched four football games, gave seven concerts, and participated in four contests.
